Committee Housekeeping

It was suggested that a dedicated email address provided by the city would be helpful as a repository to submit pictures and feedback regarding matters concerning our respective neighborhoods.

Committee also suggested that committee members should serve for a minimum of two years; at that time they can continue to serve for another two years or allow someone else to rotate in.

Committee agreed to continue to meet monthly; MAC meetings to resume in February on the second Tuesday. Meeting time has been adjusted to start at 6:30pm.

Next meeting is **February 11, 2020 at 6:30pm.**
